ASRS News

Financial Horizons newsletter coming soon

The spring issue of Financial Horizons, the ASRS newsletter for members and retirees, will be delivered by mail this month. The newsletter features a review of the 2003 ASRS Annual Report, as well as news and information of interest to members and retirees. Financial Horizons had been produced quarterly in the past, but this year, because of budget constraints, we have reduced the number of issues to two. The result will be a savings of about \$200,000. For timely news and updates, we will rely on this electronic newsletter and our website.

Assistant Director for Member Services hired

The ASRS is pleased to announce that Raymond Thomas has been hired to fill the position of Assistant Director for Member Services.

Mr. Thomas comes to the ASRS with an extensive background in banking, financial services and public retirement. Most recently, he has provided strategic direction, management and oversight of the servicing of the \$45 billion Teachers' Retirement System of the City of New York, servicing teachers and administrators of the NYC school system. There, he directed the implementation of a centralized responsibility center to handle all written communications to that agency, as well as a case management team to resolve critical issues affecting members' benefits and options.

Mr. Thomas will be responsible for overseeing our Member Services Division, which includes our Call Center and our teams of Benefit Advisors.

Interest to be charged on Payroll Deduction Agreements beginning July 1, 2004

The Arizona State Retirement System will begin to charge interest on all Payroll Deduction Agreements in which the Service Purchase request date is on or after July 1, 2004. The interest rate is set at 8 percent, the same as the assumed ASRS earnings rate on investments.

An original notice called for an April 1 implementation of the interest charge. However, at the March 19 Board of Trustee meeting, the Board agreed to move the date back to July 1, affording members additional time to prepare for the change.

Payroll Deduction Agreements are contracts that may be set up between a member and their employer for the purpose of making payments toward Service Purchase of previous years worked at another qualified employer plan that can add to a member's pension benefit upon retirement.

Previously, the ASRS allowed payroll deduction payments to be made without interest. The Board authorized the interest charge in an effort to ensure non-PDA participants do not absorb the cost of the PDA program, to minimize future contribution rate increases affecting all ASRS members and employers, and to maximize potential funds to pay for permanent benefit increases to monthly pensions.

To learn more about Service Purchase and Payroll Deduction Agreements, please see the Service Purchase Fact Sheet on our website, or call our Member Services Division at (602) 240-2000 in metro Phoenix, (520) 239-3100 in metro Tucson, or toll-free at (800) 621-3778.

Legislation Update

Friday marks the 96th day of the 2004 Legislative session. According to Senate Rule 27.A and House Rule 2.A, "regular sessions shall be adjourned sine die no later than the Saturday of the week in which the 100th day (April 20) of session falls." However, the Speaker of the House and the Senate President may extend the session in 7-day increments if approved by a majority vote of each legislative chamber.

One ASRS bill, HB2078 (ASRS; asset management; limitations) was signed by the Governor on April 13, 2004 and awaits chaptering to officially become law. The remaining three agency bills are: HB2029 (ASRS; service purchase; cost), HB2052 (ASRS; retirement incentive costs), and HB2077 (ASRS; long term disability); all of which were approved on third read by both the full Senate and the House of Representatives. The last remaining step on the journey to becoming law for these bills is transmission to the Governor's desk for her signature.

Other legislation of interest is summarized in the attached Quick Reference List.
